OF IFDA

RSVP HERE

BRAGB's Professional Women in Building (PWB), along with IFDA and *Modern Luxury Interiors Boston* invite you to a dynamic panel presentation on how to submit entries to competitions to maximize potential for achieving recognition and accolades.

A top-tier panel of experts has been assembled to help you understand the process and approach it with a focused and educated perspective. Each of them and their firms have been lauded for their talent and expertise and are looking forward to sharing their knowledge and answering your questions. Additionally, a copy of the stunning new coffee-table book from Hutker Architects will be given away to one lucky event attendee.
